

Thiago Urias Hirae

[linkedin.com/in/thiagourias](https://www.linkedin.com/in/thiagourias)

Thiago Urias Hirae, 28 years old, currently living in Brasília, Brazil. I hold a degree in Computer Science (Licentiate) from the University of Brasília and a postgraduate certification in Design Thinking. I'm comfortable working in teams and have strong communication skills. My core strengths include front-end development, project management, and the ability to abstract complex problems to identify effective solutions.
